**June 7 – 10, 2011**

**Kagawa International Conference Hall (6F) & Sunport Hall Takamatsu (5F&6F)  
Takamatsu, Kagawa, Japan**

## ***Exhibitions and Catalog Display Opportunities***

**Welcome to join us at LPM2011 in Takamatsu, Kagawa, JAPAN!**

Miniaturization and high precision are rapidly becoming requirements in many industrial processes and products. As a result, there is greater interest in the use of laser micro fabrication approaches to achieve these goals. The International Symposium on Laser Precision Microfabrication (LPM) is alternatively held in Japan and in other host countries. To date, LPM has been successfully hosted in Omiya, Singapore, Osaka, Munich, Nara, Williamsburg, Kyoto, Vienna, Quebec, Kobe and Stuttgart, Germany.

The aim of this symposium is to provide a forum for discussion of fundamental aspects of laser-matter interaction, the state-of-the-art of laser materials processing, and topics for the next generation with fundamental scientists, end users and laser manufactures. We expect that LPM2011 would play an important role not only for understanding fundamental knowledge of laser precision microfabrication but also forecasting future technologies to be developed and the future laser market.

Now, we would like to encourage you to become LPM2011 Exhibitors! The LPM2011 Exhibitions will be open not only to the symposium participants, but also to the general guests from the industries. Please pick up the categories which will meet your interest. And we hope that this Exhibitions will strongly assist you to extend your world-wide business opportunities. For the details, please refer to the following pages. Thank you for your attention in advance.
